

# Chinese New Year Dragon Craft

© mamababymandarin.com

Print template on red cardstock (or white cardstock and color the head and tail)

1. You will need 6 red envelopes that are 2.75 inches wide. Prepare your red envelopes by cutting along the two sides to create a strip of red paper.
2. To make the dragon body, accordion fold the strips, then glue the ends together to make one long piece.
3. Cut out the template along dotted lines. Punch out the holes for hanging.
4. Glue the dragon body in fan shapes to the piece labeled "dragon base".
5. Tie string or ribbon to the holes to hang your dragon.

Dragon Base  
Glue the fans onto this base for stability
